

Anuj Yadav

Electronics and Communication

CAREER OBJECTIVE

To be a part of organisation which provide me a platform to help contribute toward human race with the help of my Knowledge and Skills. I want to get recognized from my work and fulfill my Dreams

EDUCATION

B.TECH ECE

Lovely Professional University, Phagwara |Aggregate: 77.00 / 100 | 2018

XII(U.P)

C.V Raman Inter College ,Kanpur |Aggregate: 84.00 / 100 | 2013

X(U.P)

C.V Raman Inter College ,Kanpur |Aggregate: 80.00 / 100 | 2011

PROJECTS

MNIST DATABASE

Key Skills: Python, Neural-Networks, Machine-learning |july 2018- Aug 2018

- The MNIST database is a set of handwritten digits where each sample consists of grayscale Image of size 28*28 there are total 70,000 sample which is reduce in to low dimension And Visualize it using T-SNE technique

Amazon Fine Food Review

Key Skills: Machine Laerning ,Python | June 2018 - july 2018

- Amazon fine Food Review in this Project the Purpose of this Analysis is make up to A prediction model where we will able to predict whether a recomendation is poisitive or Negative in this analysis we build a model using Knn Classification algorithm

The Green House Monetring System

Key Skills: Arduino | May2017 - july 2017

- The Smart Green House In which I used Four Sensor temperature ,Humidity,Moisture, Ambient Light Sensor Which are Necessary for a better plant Growth this system is very Efficent for growing good quality plants and its fully automatic controlled by Arduino

Haberman Database

Key Skills: Python | Jan 2016 - Feb 2016

- This Datset Contains Cases from a study that was conducted between 1958 to 1970 at the chicago's Billings Hospital on the survival of patients who having problem of breast cancer
